TOTAL APPROPRIATION	(((\$177,611,000))
	<u>\$181,281,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Washington state patrol officers engaged in off-duty uniformed employment providing traffic control services to the department of transportation or other state agencies are authorized to use state patrol vehicles for the purposes of that employment, subject to guidelines adopted by the chief of the Washington state patrol. The Washington state patrol shall be reimbursed for the use of the vehicle at the prevailing state employee rate for mileage and hours of usage, subject to guidelines developed by the chief of the Washington state patrol. The patrol

shall report to the house of representatives and senate transportation committees by December 31, 2004, on the use of agency vehicles by officers engaging in the off-duty employment specified in this subsection. The report shall include an analysis that compares cost reimbursement and cost-impacts, including increased vehicle mileage, maintenance costs, and indirect impacts, associated with the private use of patrol vehicles.

(2) \$2,075,000 of the state patrol highway account--state appropriation in this section is provided solely for the addition of thirteen troopers to those permanently assigned to vessel and terminal security. The Washington state patrol shall continue to provide the enhanced services levels established after September 11, 2001.

(3) In addition to the user fees, the patrol shall transfer into the state patrol nonappropriated airplane revolving account created under section 1501 of this act, no more than the amount of appropriated state patrol highway account and general fund funding necessary to cover the costs for the patrol's use of the aircraft. The state patrol highway account and general fund--state funds shall be transferred proportionately in accordance with a cost allocation that differentiates between highway traffic enforcement services and general policing purposes.

(4) The patrol shall not account for or record locally provided DUI cost reimbursement payments as expenditure credits to the state patrol highway account. The patrol shall report the amount of expected locally provided DUI cost reimbursements to the transportation committees of the senate and house of representatives by December 31 of each year.

(5) \$1,848,000 of the state patrol highway account--state appropriation is provided solely for additional security personnel and equipment necessary to comply with the ferry security plan submitted by the Washington state ferry system to the United States coast guard.

(6) \$264,600 of the state patrol highway account--state appropriation in this subsection is provided solely for two full-time detectives to work solely to investigate incidents of identity fraud, drivers' license fraud, and identity theft. The detectives, as part of their duty to police the public highways, shall work cooperatively with the department of licensing's driver's special investigation unit.

The appropriations in this section are subject to the following conditions and limitations:

(1) If portions of the appropriations in this section are required to fund maintenance work resulting from major disasters not covered by federal emergency funds such as fire, flooding, and major slides, supplemental appropriations must be requested to restore state funding for ongoing maintenance activities.

(2) The department shall request an unanticipated receipt for any federal moneys received for emergency snow and ice removal and shall place an equal amount of the motor vehicle account--state into unallotted status. This exchange shall not affect the amount of funding available for snow and ice removal.

(3) The department shall request an unanticipated receipt for any private or local funds received for reimbursements of third party damages that are in excess of the motor vehicle account--private/local appropriation.

(4) Funding is provided for maintenance on the state system to allow for a continuation of the level of service targets included in the 2001-03 biennium. In delivering the program, the department should concentrate on the following areas:

- (a) Meeting or exceeding the target for structural bridge repair on a statewide basis;
- (b) Eliminating the number of activities delivered in the "f" level of service at the region level;
- (c) Reducing the number of activities delivered in the "d" level of service by increasing the resources directed to those activities on a statewide and region basis; and

(d) Evaluating, analyzing, and potentially redistributing resources within and among regions to provide greater consistency in delivering the program statewide and in achieving overall level of service targets.

The appropriations in this section are subject to the following conditions and limitations:

(1) A maximum of \$8,800,000 of the motor vehicle account--state appropriation may be expended for the incident response program, including the service patrols. The department and the Washington state patrol shall continue to consult and coordinate with private sector partners, such as towing companies, media, auto, insurance and trucking associations, and the legislative transportation committees to ensure that limited state resources are used most effectively. No funds shall be used to purchase tow trucks.

(2) \$4,400,000 of the motor vehicle account--state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. The department shall prioritize low-cost enhancement projects on a statewide rather than regional basis.

(3) At a frequency determined by the department, the interstate-5 variable message signs shall display a message advising slower traffic to keep right.

(4) The appropriation authority under this section includes spending authority to administer the motorist information sign panel program. The department shall establish the fees charged for these services so that all costs to administer this program are recovered; in no event, however, shall the department charge more than:

(a) \$1,000 per business per location on freeways and expressways with average daily trips greater than 80,000;

(b) \$750 per business per location on freeways and expressways with average daily trips less than 80,000;

Consideration shall include, but not be limited to, long-term fuel contracts, partnering with other public entities, and possibilities for fuel storage in evaluating strategies and options. The department shall report back to the transportation committees of the legislature by December 1, 2003, on the options, strategies, and recommendations for managing fuel purchases and costs.

~~((9))~~ (10) The department must provide a separate accounting of passenger-only ferry service costs and auto ferry service costs, and must provide periodic reporting to the legislature on the financial status of both passenger-only and auto ferry service in Washington state.

~~((10))~~ (11) The Washington state ferries must work with the department's information technology division to implement a new revenue collection system, including the integration of the regional fare coordination system (smart card). Each December, annual updates are to be provided to the transportation committees of the legislature concerning the status of implementing and completing this project, with updates concluding the first December after full project implementation.

~~((H))~~ (12) The Washington state ferries shall evaluate the benefits and costs of selling the depreciation rights to ferries purchased by the state in the future through sale and lease-back agreements, as permitted under RCW 47.60.010. The department is authorized to issue a request for proposal to solicit proposals from potential buyers. The department must report to the transportation committees of the legislature by December 1, 2004, on the options, strategies, and recommendations for sale/lease-back agreements on existing ferry boats as well as future ferry boat purchases.

~~———— (9)(a) \$500,000 of the motor vehicle account—state appropriation is provided solely for a study to provide the legislature with information regarding the feasibility of pursuing a Washington commerce corridor. The department shall retain outside experts to conduct the study. The study must include the following conditions:~~

~~———— (i) The Washington commerce corridor must be a north-south corridor starting in the vicinity of Lewis county and extending northerly to the vicinity of the Canadian border. The corridor must be situated east of state route number 405 and west of the Cascades. The corridor may include any of the following features:~~

~~———— (A) Ability to carry long-haul freight;~~

~~———— (B) Ability to provide for passenger auto travel;~~

~~———— (C) Freight rail;~~

~~———— (D) Passenger rail;~~

~~———— (E) Public utilities; and~~

~~———— (F) Other ancillary facilities as may be desired to maximize use of the corridor;~~

~~———— (ii) The Washington commerce corridor must be developed, financed, designed, constructed, and operated by private sector consortiums; and~~

~~———— (iii) The Washington commerce corridor must be subject to a joint permitting process involving federal, state, and local agencies with jurisdiction.~~

~~———— (b) The legislative transportation committee shall form a working group to work with the department and the outside consultant on the study.~~

~~———— (10) \$8,000,000 of the motor vehicle account—state appropriation is provided for the SR 522, University of Washington-Bothell campus access project. This amount will cover approximately one-half of the construction costs:))~~

(11) The transportation permit efficiency and accountability committee (TPEAC) shall select from the project list under ~~((this))~~ subsection (1) of this section ten projects that have not yet secured state permits. TPEAC shall select projects from both urban and rural areas representing a wide variety of locations within the state. These projects shall be designated "Department of Transportation Permit Drafting Pilot Projects" and shall become a part of the work plan of TPEAC required under section 2(1)(b), chapter 8 (ESB 5279), Laws of 2003.

(12) Of the amounts appropriated in this section and section 306 of this act, no more than \$124,000 is provided for increased project costs due to the enactment of Substitute Senate Bill No. 5457.

~~((14))~~ (13) To manage some projects more efficiently, federal funds may be transferred from program Z to program I to replace those federal funds in a dollar-for-dollar match. However, funds may not be transferred between federal programs. Fund transfers authorized under this subsection shall not affect project prioritization status. Appropriations shall initially be allotted as appropriated in this act. The department shall not transfer funds

as authorized under this subsection without approval of the transportation commission and the director of financial management. The department shall submit a report on those projects receiving fund transfers to the transportation committees of the senate and house of representatives by December 1, 2004.

(14) The department shall, on a quarterly basis beginning July 1, 2004, provide to the legislature reports providing the status on each project in the project lists submitted pursuant to this act to LEAP on March 11, 2004, and on any additional projects for which the department has expended funds during the 2003-05 fiscal biennium. The department shall work with the transportation committees of the legislature to agree on report formatting and elements. Elements shall include, but not be limited to, project scope, schedule, and costs. The department shall also provide the information required under this subsection via the transportation executive information systems (TEIS).

The appropriations in this section are subject to the following conditions and limitations:

(1) The multimodal transportation account--state appropriation includes \$30,000,000 in proceeds from the sale of bonds authorized by Senate Bill No. 6062. The transportation commission may authorize the use of current revenues available to the department of transportation in lieu of bond proceeds for any part of the state appropriation.

(2) \$4,530,000 of the multimodal transportation account--state appropriation, \$9,499,000 of the multimodal transportation account--federal appropriation, \$500,000 of the Washington fruit express account--state appropriation, and \$770,000 of the essential rail assistance account--state appropriation are provided solely for capital projects as listed in the Legislative 2003 Transportation Project List - Current Law as transmitted to the LEAP on (~~April 27, 2003~~) March 11, 2004.

(3) \$1,230,000 of the multimodal transportation account--state appropriation and \$770,000 of the essential rail assistance account--state appropriation is to be placed in reserve status by the office of financial management to be held until the department identifies the location for a new transload facility at either Wenatchee or Quincy. The funds are to be released upon determination of a location and approval by the office of financial management.

(4) \$30,000,000 of the multimodal transportation account--state appropriation is provided solely for capital projects as listed in the Legislative 2003 Transportation Project List - New Law as transmitted to the LEAP on ~~((April 27, 2003))~~ March 11, 2004.

(5) If federal block grant funding for freight or passenger rail is received, the department shall consult with the legislative transportation committee prior to spending the funds on additional projects.

(6) If the department issues a call for projects, applications must be received by the department by November 1, 2003, and November 1, 2004.

(7) The department may not execute the Palouse River & Coulee City Rail purchase until the chairs of the transportation committees of the legislature have reviewed, and the office of financial management has approved, a business plan that demonstrates the long term financial viability of state-owned, privately operated short rail service. The office of financial management shall issue to the chairs of the transportation committees of the legislature a report outlining reasons for the acceptance or rejection of the plan.

(1) \$6,000,000 of the multimodal transportation account--state appropriation is provided solely for the projects and activities as indicated in the Legislative 2003 Transportation Project List - New Law Local Projects report transmitted to LEAP on April 27, 2003.

(2) To manage some projects more efficiently, federal funds may be transferred from program Z to programs I and P and state funds shall be transferred from programs I and P to program Z to replace those federal funds in a dollar-for-dollar match. However, funds may not be transferred between federal programs. Fund transfers authorized under this subsection shall not affect project prioritization status. Appropriations shall initially be allotted as appropriated in this act. The department may not transfer funds as authorized under this subsection

without approval of the transportation commission. The department shall submit a report on those projects receiving fund transfers to the transportation committees of the senate and house of representatives by December 1, 2004.

(3) ~~(\$7,576,000)~~ of the multimodal transportation account--state appropriation is reappropriated and provided solely to fund the first phase of a multiphase cooperative project with the state of Oregon to dredge the Columbia River. If dredge material is disposed of in the ocean, the department shall not expend the appropriation in this subsection unless agreement on ocean disposal sites has been reached that protects the state's commercial crab fishery. The amount provided in this subsection shall lapse unless the state of Oregon appropriates a dollar-for-dollar match to fund its share of the project.

(4) ~~(\$1,156,000)~~ \$647,000 of the motor vehicle account--state appropriation is reappropriated and provided solely for additional small city pavement preservation program grants, to be administered by the department's highways and local programs division. The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded small city pavement preservation program grant funds, but does not report activity on the project within one year of grant award, should be reviewed by the department to determine whether the grant should be terminated. The department must promptly close out grants when projects have been completed, and identify where unused grant funds remain because actual project costs were lower than estimated in the grant award. The department shall expeditiously extend new grant awards to qualified projects when funds become available either because grant awards have been rescinded for lack of sufficient project activity or because completed projects returned excess grant funds upon project closeout.

(5) ~~(\$4,010,000)~~ \$3,156,000 of the motor vehicle account--state appropriation is reappropriated and provided solely for additional traffic and pedestrian safety improvements near schools. The highways and local programs division within the department of transportation shall administer this program. The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded traffic and pedestrian safety improvement grant funds, but does not report activity on the project within one year of grant award should be reviewed by the department to determine whether the grant should be terminated. The department must promptly close out grants when projects have been completed, and identify where unused grant funds remain because actual project costs were lower than estimated in the grant award. The department shall expeditiously extend new grant awards to qualified projects when funds become available either because grant awards have been rescinded for lack of sufficient project activity or because completed projects returned excess grant funds upon project closeout.

(6) The motor vehicle account--state appropriation includes ~~(\$20,452,000)~~ \$15,317,000 in unexpended proceeds from the sale of bonds authorized by RCW 47.10.843.

(7) The multimodal transportation account--state appropriation includes \$6,000,000 in proceeds from the sale of bonds authorized by Senate Bill No. 6062. The transportation commission may authorize the use of current revenues available to the department of transportation in lieu of bond proceeds for any part of the state appropriation.

(8) \$500,000 of the multimodal account--state appropriation is provided solely to complete the engineering and permitting necessary to implement the Skagit county flood control project.

(9) \$1,000,000 of the multimodal transportation account--state appropriation is provided solely to support the safe routes to school program.

MISCELLANEOUS

Sec. 501. RCW 70.94.996 and 2003 c 364 s 9 are each amended to read as follows:

(1) To the extent that funds are appropriated, the department of transportation shall administer a performance-based grant program for private employers, public agencies, nonprofit organizations, developers, and property managers who provide financial incentives for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, including telework, before July 1, 2013, to their own or other employees.

(2) The amount of the grant will be determined based on the value to the transportation system of the vehicle trips reduced. The commute trip reduction task force shall develop an award rate giving priority to applications achieving the greatest reduction in trips and commute miles per public dollar requested and considering the following criteria: The local cost of providing new highway capacity, congestion levels, and geographic distribution.

(3) No private employer, public agency, nonprofit organization, developer, or property manager is eligible for grants under this section in excess of one hundred thousand dollars in any fiscal year.

(4) The total of grants provided under this section may not exceed seven hundred fifty thousand dollars in any fiscal year. However, this subsection does not apply during the 2003-2005 fiscal biennium.

(5) The department of transportation shall report to the department of revenue by the 15th day of each month the aggregate monetary amount of grants provided under this section in the prior month and the identity of the recipients of those grants.

(6) The source of funds for this grant program is the multimodal transportation account.

(7) This section expires January 1, 2014.

NEW SECTION. **Sec. 502.** A new section is added to 2003 c 360 (uncodified) to read as follows:

The department is given the authority to provide up to \$3,000,000 in toll credits to Kitsap transit for its role in new passenger-only ferry service. The number of toll credits provided to Kitsap transit must be equal to, but no more than, a number sufficient to meet federal match requirements for grant funding for passenger-only ferry service, but shall not exceed the amount authorized under this section.

NEW SECTION. **Sec. 503.** A new section is added to 2003 c 360 (uncodified) to read as follows:

(1) The transportation commission may authorize a transfer of spending allocation within the appropriation provided and between projects as listed in the Legislative 2003 Transportation Project List - New Law to manage project spending near biennial cutoffs under the following conditions and limitations:

(a) Transfers from a project may be made if the funds allocated to the project are in excess of the amount needed to complete the project, but transfers may only be made in the biennium in which the savings occur;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project, nor shall a transfer be made to support increases in the scope of a project;

(c) Transfers may be made within the current biennium from projects that are experiencing unavoidable expenditure delays, but the transfers may only occur if the commission finds that any resulting change to the nickel program financial plan provides that all projects on the list may be completed as intended by the legislature;

(d) Transfers may not occur to projects not identified on the list; and

(e) Transfers may not occur if they are for the purpose of advancing or delaying project milestones.

(2) The legislature reserves the authority to: (a) Authorize transfer of spending allocation to adjust legislatively approved milestones; (b) increase or diminish the scope of a project; (c) provide for new projects; and (d) address significant project cost overruns.

(3) For the purposes of this section, "project milestones" means the initiation of major project phases including preliminary design, right of way, project advertisement date, or other significant project management decisions.

NEW SECTION. Sec. 504. A new section is added to 2003 c 360 (uncodified) to read as follows:

It is the intent of the legislature that the freight mobility account created in Substitute Senate Bill No. 6680 maintain a zero or positive cash balance at the end of each biennium. Toward this purpose the Washington state department of transportation may make expenditures from the account before receiving reimbursements. Before the end of the biennium, the department shall transfer sufficient cash to cover any negative cash balances from the motor vehicle fund and the multimodal transportation account to the freight mobility account for unrecovered reimbursements. The department shall calculate the distribution of this transfer based on expenditures. In the ensuing biennium the department shall transfer the reimbursements received in the freight mobility account back to the motor vehicle fund and the multimodal transportation account to the extent of the cash transferred at biennium end. The department shall also distribute any interest charges accruing to the freight mobility account to the motor vehicle fund and the multimodal transportation account. Adjustments for any indirect cost recoveries may also be made at this time.

NEW SECTION. Sec. 505. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 506. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.
